# Manor Hill First School News

Friday 15th September 2017

## Message from the Headteacher

Dear Parents and Carers,  
Thank you for your support during this week. As you know we had a visit from Ofsted and although we will not receive the official feedback letter for two weeks, we were delighted with how the day went.

The pupils were exemplary and we were so proud to have the opportunity to

show the improvements that have been made at Manor Hill over the last year.

My thanks to our wonderful staff team, who are dedicated and focused upon achieving the best results for our pupils.

Have a wonderful weekend,  
Jess Roden

## Online Safety

Parents will find the following NSPCC site packed with valuable information for keeping your child safe online. Including being Share

**NSPCC**

aware, the latest apps and Minecraft safety tips.

<https://www.nspcc.org.uk/what-we-do/about-us/partners/nspcc-o2-online-safety-partnership/>

## Letter from David Walliams

We were delighted to receive a letter from Mr. David Walliams. He has written offering his support and encouragement to the children of Manor Hill in their writing and is honoured to have one of our House teams named after him! The letter will be on display for all to read.

## From the Office

Parents are reminded to park with consideration around the school. As part of a new initiative by Staffordshire county council civil enforcement officers will be visiting schools in the county

and patrolling the local area.

We ask that you do not send nuts in to school either in lunchboxes or as a snack. This will ensure the safety of those children with possible nut allergies.
