# Manor Hill First School News

Friday 9th March 2018

## Dates for your diary

## From the Head teacher

Dear Parents and Carers,

How lovely it has been to have a relatively snow free week! Our delayed World Book Day celebrations were just fantastic, thank you for providing such great costumes.

Thank you to all those who attended our special Mothers' Day assembly today, we hope that you enjoyed the children's performances which were incredibly sweet and certainly provoked a tear or two!

We have 3 trips out next week which we are looking forward to, they really do help us to enhance the learning within our projects and we appreciate your support with them.

Have a super weekend whatever you choose to do,

Jess Roden

## From the Office

Please be aware that school staff are unable to administer medication without written parental consent. This should be prescribed by a Doctor. If parents wish their child to have medication which is not prescribed they should be prepared to attend the school to administer this themselves. Children are not allowed to self administer medication unless this is part of a medical care plan. If you have any questions please ask at the Office.

Westbridge Park Public Consultation regarding Children's play area

Please spare the time to fill in this survey. Ask your children what they would like to see at Westbridge Park!

If you would like to take part in the consultation please go online to <https://www.surveymonkey.co.uk/r/westbridgepark>

**Uniform**

A polite reminder that a school tie is part of the uniform and we require children to wear either an elastic or traditional tie with a school shirt rather than a polo shirt.

Also please do ensure that PE kits are in school on Tuesday and Friday in order for children to fully participate in their PE sessions.

Thank you
