Manor Hill First School News

Friday 31st January 2020

Dear Parents and Carers,

Well done to Year 3 for a super Bikeability session, they were super and coped very well with the reduced space on the playground!

We have had lots of visitors from other schools this week, all who have commented on how lovely our school feels, how happy the children are and how hard they work, I was a very proud Head teacher so thank you children!

We are all looking forward to celebrating Number Day next week, and to Year 1's parent assembly on the same day!

Have a super weekend,
Jess Roden

On Friday 7th February we will celebrate Number Day. Please can children come to school dressed up as a number, wearing clothes with numbers on or anything you can think of, the more creative the better! In the afternoon we are having some fun maths activities as a school.

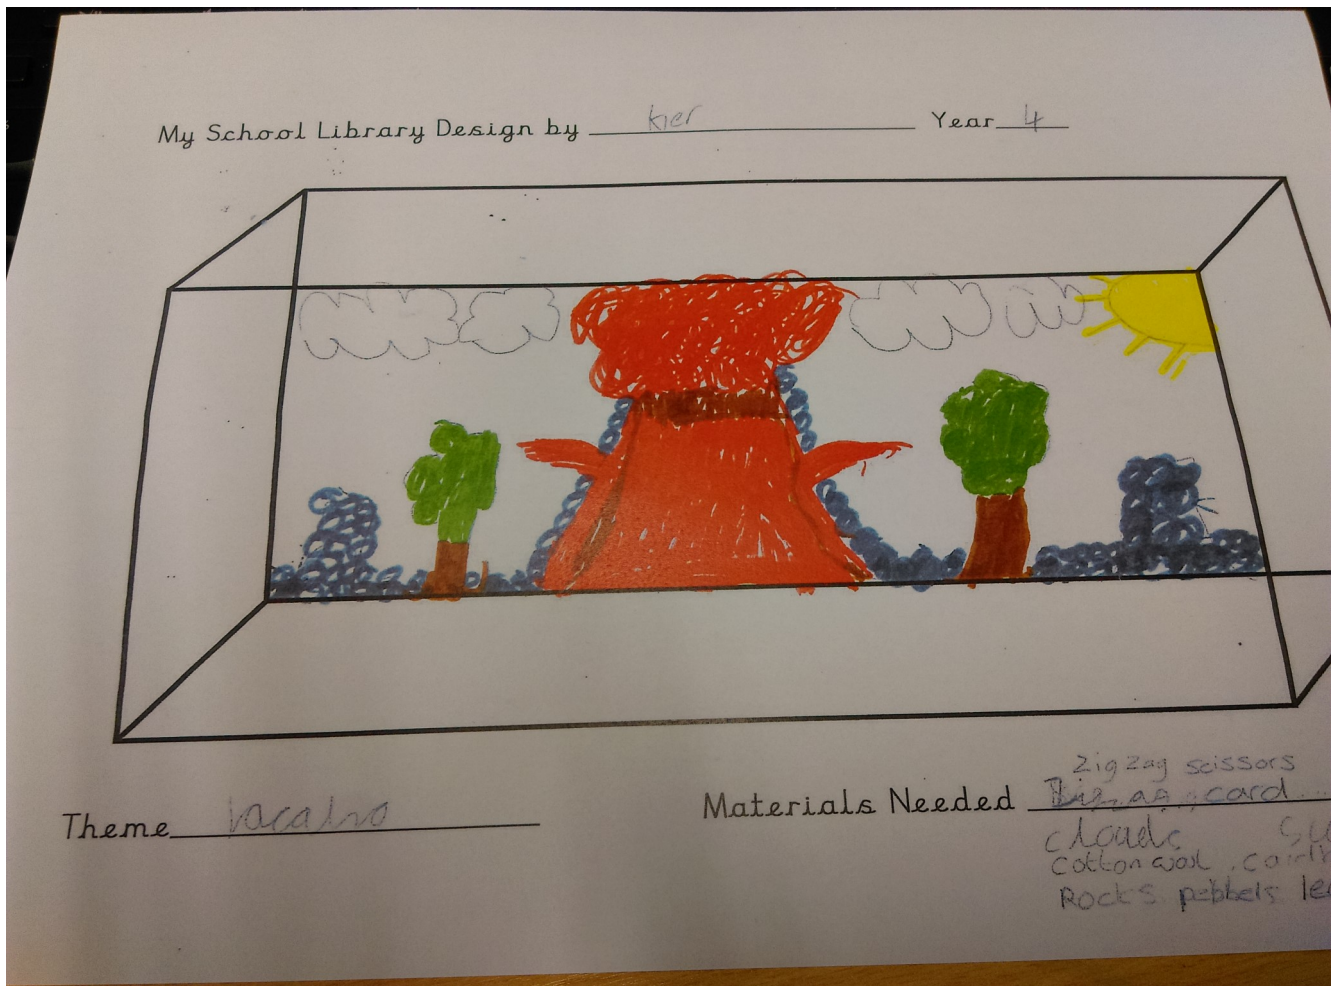

A donation of £1 per child would be lovely for us to be able to send off to this great charity.

From the Office

Thank you to those who completed the parents evening forms. Your allocated slot has been sent out via text message.

Library Competition

Well done to Kier for his winning Library design 'Volcano'
We look forward to revealing the finished project soon!

Reception class are collecting plastic bottles of all sizes. Please can these be thoroughly washed before bringing in to school. Thank you.
