Virtual Video Tour Information

Dear Parents and Carers,

Due to the current restrictions in place, we are unfortunately unable to hold our usual open days and events but would still like to offer joining families the opportunity to view our school.

In order to do so we are having a virtual video tour recorded on Tuesday 13th October. The video will last around two minutes and will contain footage of the pupils at work and play in a variety of situations such as their class activities, PE and Forest School. The video will be shared on our website and social media pages

We intend to capture the creative ethos of our school and will aim to feature as many elements as we can. We are sure that the children will enjoy being 'movie stars' for the day, however should you wish for you child **not to** feature in the recording please email the school office- office@manorhill.staffs.sch.uk and we will ensure that they are not filmed.

Sincere best wishes,
Mrs Jessica Roden
Headteacher
