Remote Learning Update for Reception

Dear Parents and Carers,

We have almost completed three full weeks of Remote Learning and the successes of this are many, pupils are joining live meets confidently, contributing to the lessons well and are undertaking independent work diligently, this is a credit to all of your efforts and we thank you.

Currently, Reception provide the following provision:

Daily

9.20 am - 'Live' Welcome and Phonics – Google Classroom

10.00 am - Literacy – Facebook

11.00 am - Mathematics – Facebook

1.00 pm – 'Live' Wider Curriculum teaching – Google Classroom

There are also Wellbeing Wednesday Sessions at 2.15- 2.45pm via Google Classroom as well as lots of stories and activities shared on Facebook throughout the week.

This offer will remain the same for the time being but as we continue to evaluate our provision, we will be making the following slight changes to improve our remote learning, with your support.

In Reception, we know that you have been submitting lots of work through social media and by emailing the teaching team directly. It has been fantastic to see what you have been up to on our Facebook page and we are keen for this to continue, however, going forward we would ask that you upload your child's learning evidence on Learning Book.

In school, we deliver content in very small steps with frequent opportunities for pupils to retrieve and revisit learning because we know that this helps learning to 'stick' and allows pupils to know and remember more.

In order to achieve this on a digital platform it is essential that teachers can view the submitted work.

Inspired to learn, learning for life

Therefore, as of the 1st February 2021 we ask that you submit through **Learning Book** the following work:

Day	Curriculum Area	Curriculum Area
Monday	Mathematics	Wider Curriculum
Tuesday	Mathematics	Wider Curriculum
Wednesday	Mathematics	Literacy
Thursday	Literacy	Wider Curriculum
Friday	Literacy	Wider Curriculum

The Reception Team will outline clearly what work needs to be submitted.

If you require any support with how to submit your child's work to Learning Book, please get in touch. We do not expect that pupils will get 100% of their work correct, it is important that the work submitted is a reflection of what they have understood and can do independently. Teachers will use this information to plan learning and, if needed, our Reception team will organise follow up 1-1 sessions to support individual children with their learning.

We are determined to achieve the most we can during this period of Remote Learning and feel that with these changes and working together we can maximise the learning for pupils.

Many thanks for your continued support,

Mrs J Roden
